By Order of the Board of Directors

George P. Manson, Jr., Secretary

February 26, 2003
Annual Meeting Of Shareholders
Albemarle Corporation

To be held March 26, 2003
Approximate date of mailing—February 26, 2003

Proxies in the form enclosed are solicited by the Board of Directors for the Annual Meeting of Shareholders to be held on Wednesday, March 26, 2003. Any person giving a proxy may revoke it at any time before it is voted by delivering a later dated proxy, or written notice of revocation, to the Secretary of the Company or by appearing at the annual meeting and voting in person. Attendance at the annual meeting will not itself revoke a proxy. A proxy, if executed and not revoked, will be voted, and, if it contains any specific instructions, will be voted in accordance with such instructions.

On February 14, 2003, the date for determining shareholders entitled to vote at the meeting, there were outstanding 41,606,530 shares of Albemarle Common Stock. Each share of Albemarle Common Stock is entitled to one vote.

The cost of the solicitation of proxies will be borne by the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone by employees of the Company. Georgeson Shareholder Communications Inc. has been engaged to assist in the solicitation of proxies from brokers, nominees, fiduciaries and other custodians. The Company will pay that firm $7,000 for its services and reimburse its out-of-pocket expenses for such items as mailing, copying, phone calls, faxes and other related matters, and will indemnify Georgeson Shareholder Communications Inc. against any losses arising out of that firm’s proxy soliciting services on behalf of the Company.

The street address of the Company’s principal executive offices is 330 South Fourth Street, Richmond, Virginia 23219.

ELECTION OF DIRECTORS
The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Albemarle Common Stock voted in the election of directors. Votes that are withheld and shares held by brokers or banks in street name for customers who are the beneficial owners of those shares that are not voted in the election of directors will not be included in determining the number of votes cast. Unless otherwise specified in the accompanying form of proxy, it is intended that votes will be cast for the election of all of the nominees as directors.

Proxies will be voted for the election as directors for the ensuing year of the persons named below (or if for any reason unavailable, of such substitutes as the Board of Directors may designate). Six meetings of the Company’s Board of Directors were held during 2002. Beginning in September 2002, the non-management members of the Board of Directors began meeting at regularly scheduled executive sessions without management immediately following meetings of the Board of Directors. The Company’s by-laws provide that a shareholder of the Company entitled to vote for the election of directors may nominate persons for election to the Board by delivering written notice to the Secretary of the Company. With respect to an election to be held at an annual meeting of shareholders, such notice generally must be delivered not later than the close of business on the ninetieth day prior to the first anniversary of the preceding year’s annual meeting. With respect to an election to be held at a special meeting of shareholders, such notice must be delivered not earlier than the close of business on the one-hundred twentieth day prior to the special meeting and not later than the close of business on the day prior to the special meeting. With respect to an election to be held at a special meeting of shareholders, such notice must be delivered not earlier than the close of business on the one-hundred twentieth day prior to such special meeting, and not later than the close of business on the later of the ninetieth day prior to such special meeting or the tenth day following the day on which public announcement is made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such special meeting.

Such shareholder’s notice must include (a) as to each person whom the shareholder proposes to nominate for election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest or is otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) (and such person’s written consent to being named in the proxy statement as a nominee and to serving as such a director if elected), and (b) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made, (1) the name and address of such shareholder, as they appear on the Company’s books, and of such beneficial owner, (2) the class and number of shares of capital stock of the Company.
that are owned beneficially and of record by such shareholder and such beneficial owner, (3) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such nomination and (4) a representation whether the shareholder or the beneficial owner, if any, intends or is part of a group that intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company’s outstanding capital stock required to elect the nominee and/or (B) otherwise to solicit proxies from shareholders in support of such nomination.

**Compensation of Directors**

In 2002, outside directors were paid (a) $1,000 for attendance at each Board meeting and (b) $600 for attendance at each meeting of a committee of the Board of which he or she was a member. In addition, each such director was paid a quarterly fee of $5,500. Employee members of the Board of Directors were not paid separately for service on the Board or its committees.

Any director who became a member of the Board on or before October 27, 1999 and retires from the Board after age 60 with at least five years’ service on the Board will receive, commencing with retirement from the Board, $12,000 per year for life, payable in quarterly installments. The service and age at retirement requirements for this benefit may be waived in certain circumstances with the commencement of the benefit no earlier than age 60. Any director who became a member of the Board on or before October 27, 1999 and retires under other circumstances will receive $12,000 per year, payable in quarterly installments, commencing no earlier than age 60, for a period not to exceed his years of service on the Board. The payment period limitation on this benefit may be waived in certain circumstances. Such retirement payments to former directors may not commence and may be discontinued under certain circumstances.

On November 1, 2002, pursuant to the Non-Employee Directors’ Stock Compensation Plan (the “Stock Compensation Plan”), the Company purchased on the open market, and awarded to each non-employee director, that number of whole shares of Albemarle Common Stock, when multiplied by the closing price of common stock on the immediately preceding business day, as reported in The Wall Street Journal, which as nearly as possible equaled, but did not exceed, $18,000. The shares of Albemarle Common Stock awarded under the Stock Compensation Plan are nonforfeitable, and the recipient directors immediately and fully vest in Albemarle Common Stock issued under the Stock Compensation Plan. Subject only to such limitations on transfer as may be required by applicable securities laws, directors may sell the shares received under the Stock Compensation Plan at any time.

Non-employee directors may defer, in 10 percent increments, all or part of their retainer fee and/or meeting fees into either a deferred cash account or a deferred stock account (the “Deferred Compensation Plan”), or a percentage of the fees into each of the accounts, both of which are unfunded and maintained for record-keeping purposes only. Distributions under the Deferred Compensation Plan will be paid in a single sum unless the participant specifies installment payments over a period up to 10 years. Unless otherwise elected by the participant, distributions will begin on February 15 following the participant’s attainment of age 65 or ceasing to be a director. The maximum aggregate number of shares of Albemarle Common Stock that may be issued under the Deferred Compensation Plan is 50,000 shares.

At its December 15, 1999 meeting, the Board of Directors adopted a policy for stock ownership by its outside directors. Pursuant to this policy, all then-current outside directors are to achieve ownership of Albemarle Common Stock equal to at least four times the annual retainer for an outside director, which is the combination at the applicable time of the cash retainer plus the annual stock award. Such outside directors are expected to achieve this level of ownership within four years from December 15, 1999. Newly-elected outside directors are to achieve this same level of ownership within five years of first becoming a Board member.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

William M. Gottwald, a director and Chairman of the Board of the Company, and John D. Gottwald, a director of the Company, are sons of Floyd D. Gottwald, Jr., a director and Vice Chairman of the Board and Chairman of the Executive Committee of the Company. The members of the family of Floyd D. Gottwald, Jr. may be deemed to be control persons of the Company.

Lloyd B. Andrew became a director of the Company on October 1, 2002, having previously served as a consultant to the Company. The consulting arrangement with the Company was terminated immediately before he became a director. In 2002, Andrew received $75,000 plus expenses from the Company for his consulting services.

During 2002, the Company paid the law firm of McGuireWoods LLP fees in the amount of $5,464 for legal services provided to the Company. Anne Marie Whittemore, a director of the Company, is a partner of McGuireWoods. The fees paid by the Company to McGuireWoods are not included in the determination of the compensation Whittemore receives from McGuireWoods.
SECTION 16(a) 
BENEFICIAL OWNERSHIP REPORTING COMPLIANCE 
Based solely on its review of the forms required by Section 16(a) of the Exchange Act that have been received by the Company, the Company believes there has been compliance with all filing requirements applicable to its officers, directors and beneficial owners of greater than 10% of Albemarle Common Stock, except that (a) the Initial Statement of Beneficial Ownership on Form 3 for Andrew, (b) the Statement of Changes in Beneficial Ownership of Securities on Form 4 for Morrill to report the receipt of phantom stock for deferred directors’ fees on October 1, 2002 and (c) the Statements of Changes of Beneficial Ownership of Securities on Form 4 for each of Andersson, Andrew, John D. Gottwald, Morrill, Preston, Stewart and Whittemore to report the receipt by each of 640 shares of Albemarle Common Stock on November 1, 2002 under the Stock Compensation Plan were filed late.

STOCK OWNERSHIP 
Principal Shareholders 
The following table lists any person (including any “group” as that term is used in Section 13(d)(3) of the Exchange Act) who, to the knowledge of the Company, was the beneficial owner, as of December 31, 2002, of more than 5% of the outstanding voting shares of the Company.

(a) As of December 31, 2002, Floyd D. Gottwald, Jr. and his adult sons, William M. Gottwald, John D. Gottwald and James T. Gottwald, had sole voting and investment power over all of the shares disclosed except 4,055,142 shares held by their respective wives, children and in certain trust relationships as to which they disclaim beneficial ownership. As of December 31, 2002, Floyd D. Gottwald, Jr. beneficially owned 4,720,307 shares (11.31%) of Albemarle Common Stock, and William M. Gottwald, John D. Gottwald and James T. Gottwald beneficially owned 2,834,126 shares (6.77%), 2,386,785 shares (5.72%) and 2,405,531 shares (5.77%), respectively, of Albemarle Common Stock. The overlap in beneficial ownership caused by certain shared trust relationships has been eliminated in calculating the 9,135,764 shares listed above. This overlap, however, has not been eliminated in calculating the amount and percentage of outstanding voting shares of the Company beneficially owned by each of William M. Gottwald, John D. Gottwald and James T. Gottwald. Floyd D. Gottwald, Jr. and his adult sons have no agreement with respect to the acquisition, retention, disposition or voting of Albemarle Common Stock.

(b) This amount includes any shares held by Merrill Lynch Trust Company (“Merrill Lynch”) as Trustee under the Company’s savings plan (the “Albemarle Savings Plan”) for the benefit of William M. Gottwald. This amount does not include shares held by the Trustee of the Albemarle Savings Plan for the benefit of other employees. Floyd D. Gottwald, Jr. is not eligible to participate in the Albemarle Savings Plan. Shares held under the Albemarle Savings Plan are voted by the Trustee in accordance with instructions solicited from employees participating in the Albemarle Savings Plan. If a participating employee does not give the Trustee voting instructions, his or her shares generally are voted by the Trustee in accordance with the Board of Directors’ recommendations to the shareholders. Because Floyd D. Gottwald, Jr., William M. Gottwald and John D. Gottwald are directors and/or executive officers and, together with James T. Gottwald, among the largest shareholders of the Company, they may be deemed to be control persons of the Company and to have the capacity to control any such recommendation of the Board of Directors.
(c) This amount does not include any shares held by Frank Russell Trust Company, Tacoma, Washington, as Trustee under the Tredegar Corporation Retirement Savings Plan (the “Tredegar Savings Plan”). It also does not include shares held by Merrill Lynch as Trustee under the savings plan of Ethyl Corporation (the “Ethyl Savings Plan”) for the benefit of employees of Ethyl Corporation. Shares held under the Tredegar Savings Plan and the Ethyl Savings Plan are voted by the Trustees in accordance with instructions solicited from each participating employee. With respect to shares of Albemarle Common Stock, if a participating employee does not give the Trustees voting instructions, his or her shares generally are voted by the Trustees in accordance with the recommendations of Albemarle’s Board of Directors to its shareholders. Because Floyd D. Gottwald, Jr., William M. Gottwald and John D. Gottwald are directors and/or executive officers and, together with James T. Gottwald, among the largest shareholders of Albemarle, they may be deemed to have the capacity to control any such recommendation of the Board of Directors.

¹ The amounts in this column include shares of Albemarle Common Stock with respect to which certain persons had the right to acquire beneficial ownership within 60 days of December 31, 2002: Floyd D. Gottwald, Jr.: 35,000 shares; William M. Gottwald: 127,500 shares; Elmore: 80,762 shares; Rohr: 68,750 shares; Walker: 191,250 shares; and directors and executive officers as a group: 755,155 shares.

³ Floyd D. Gottwald, Jr. disclaims beneficial ownership of all 3,817,865 of such shares.

⁴ John D. Gottwald disclaims beneficial ownership of all 1,653,415 of such shares. The 1,653,415 shares include 1,593,050 shares of Albemarle Common Stock that John D. Gottwald may be deemed to own beneficially. Such shares constitute his interest as beneficiary of a trust of which he is a co-trustee.

⁵ William M. Gottwald disclaims beneficial ownership of all 1,786,913 of such shares. The 1,786,913 shares include 1,593,050 shares of Albemarle Common Stock that William M. Gottwald may be deemed to own beneficially. Such shares constitute his interest as beneficiary of a trust of which he is a co-trustee.

⁶ John D. Gottwald and William M. Gottwald share voting and investment power for 1,608,062 shares of Albemarle Common Stock. This overlap in beneficial ownership has been eliminated in calculating the number of shares and percentage of the class owned by the Company’s directors and executive officers as a group.

* Assumes attainment of age 65 in 2002 and Social Security Covered Compensation of $39,444.
The benefit formula under the pension plan is based on the participant’s final-average earnings, which are defined as the average of the highest three consecutive calendar years’ earnings (base pay plus 50% of incentive bonuses paid in any fiscal year) during the ten consecutive calendar years immediately preceding the date of determination. The years of pension benefit service for certain of the executive officers named in the above compensation table as of December 31, 2002 are: Floyd D. Gottwald, Jr., 60; Elmore, 33; William M. Gottwald, 22; and Rohr, 4. Benefits under the pension plan are computed on the basis of a life annuity with 60 months guaranteed payments. The benefits listed in the above compensation table are not subject to deduction for Social Security or other offset payments. Pension benefits payable to Floyd D. Gottwald, Jr. and William M. Gottwald are offset by benefits payable from the qualified and non-qualified pension plans of Ethyl Corporation (“Ethyl”), based on 53 and 15 years of service with Ethyl, respectively.

Supplemental Executive Retirement Plan
The Company maintains a SERP in the form of a non-qualified pension plan that provides eligible individuals the difference between the benefits they actually accrue under the qualified employee pension and savings plans of the Company and the benefits they would have accrued under such plans but for the maximum benefit and annual addition limitations and the limitation on compensation that may be recognized thereunder under the Code. Certain key employees may be granted additional pension service benefits equal to 4% per annum of the employee’s average pay over his or her last three years multiplied by the number of years of service to the Company (including service with Ethyl) up to 15 years, net of certain other benefits received from the Company (including amounts received under the qualified and non-qualified plans), previous employers, including Ethyl, and Social Security. These benefits have been granted to Rohr and, with respect to the period between February 28, 1994 and February 1, 1998, to Walker. For Walker’s service with the Company on and after February 1, 1998, he has been granted benefits equal to 4% per annum of his average pay over his last three years multiplied by the number of years of service to the Company up to 15 years. The Compensation Committee has also added two additional years of service to his retirement calculation. All benefits under the SERP vest upon a Change in Control of the Company, as defined in the SERP.

AGREEMENTS WITH EXECUTIVE OFFICERS
In the event that Rohr’s employment is terminated within the first five years of his employment other than for cause, the Company is obligated to pay Rohr a severance equal to two times his then-current annual compensation, including base salary and annual incentive compensation. In addition, in the event a change in control of the Company were to occur within the first 10 years of Rohr’s employment and one or more of the events described below were to occur within 24 months thereafter, Rohr may elect to resign in which case (a) he will receive an adjusted benefit payable at normal retirement age under the Company’s non-qualified pension plan without offset from other benefits, (b) all vested outstanding options will become exercisable and (c) all restricted stock will become non-forfeitable. The events include (1) a change or diminution of responsibilities or compensation, (2) relocation, (3) a reduction of benefit eligibility or level and (4) failure by a successor company to assume his severance agreement. Rohr’s service with the Company up to 2003 is considered to be “service” under the SERP.

Walker retired on January 31, 2003. He has a three-year agreement to provide consulting services to the Company on various matters, including corporate finance, acquisitions and compensation and benefit plans. Under the terms of the agreement, Walker received a cash payment of $16,667 on February 1, 2003. He will also receive (a) quarterly cash payments of $25,000, starting on April 1, 2003, (b) a cash payment of $8,333 on January 1, 2006 and (c) as of April 1 of each year, that number of shares of Albemarle Common Stock that has a market value equal to $175,000. Stock options and performance units granted to Walker were amended to extend the exercise and/or vesting period of the awards until the expiration date of such grants, notwithstanding Walker’s retirement, disability or death.
THE EXECUTIVE COMPENSATION COMMITTEE REPORT

This report of the Executive Compensation Committee of the Board of Directors describes the objectives of the Company’s executive compensation program, the various components of the program, and explains the basis on which 2002 compensation determinations were made by the Compensation Committee.

The philosophy and incentive programs that constitute the executive compensation program are outlined below.

Overall Objectives of Executive Compensation Program. The Compensation Committee’s guiding philosophy is to establish executive compensation policies that are linked to the sustained creation of shareholder value. The following objectives serve as the guiding principles for all compensation decisions:

• provide a competitive total compensation opportunity that will enable the Company to attract, retain and motivate highly qualified executives;

• align compensation opportunities with shareholder interests by making the executive compensation program highly sensitive to the Company’s performance, which is defined in terms of long-term profitability and creating shareholder value; and

• provide a strong emphasis on equity-based compensation and equity ownership, creating a direct link between shareholder and management interests.

Compensation Program Components. The Compensation Committee believes that the total compensation opportunity available to members of management should consist of base salary, annual incentives and long-term incentives with each component geared to the median of the market for all positions in the aggregate. Individuals may be compensated above or below the median of the marketplace based on the Company’s performance and on considerations of individual performance and experience. The Compensation Committee considers all elements of the program when setting compensation levels.

The Compensation Committee periodically meets individually with members of management in order to assess progress toward meeting objectives set by the Board of Directors for both annual and long-term compensation. The Compensation Committee utilizes compensation surveys to aid in the determination of competitive levels of executive pay. The surveys include companies that are larger and smaller than the Company. Surveys include companies in the chemical business, including, but not limited to, some of the companies included in the S&P 1500 Specialty Chemicals Index and the S&P 1500 Diversified Chemicals Index shown in the performance graph on page 16. The Compensation Committee also utilizes executive compensation information compiled from the proxy statements of other chemical companies. References to the “market” in this report refer to these survey and proxy data.

Base Salaries. Base salaries are determined in accordance with the responsibilities of each officer, median market data for the position and the officer’s performance. The Compensation Committee considers each of these factors but does not assign a specific value to each factor. Furthermore, a subjective element is acknowledged in evaluating the officer’s overall span of responsibility and control which may be specific to Albemarle.

Salaries for some officers for 2002 were maintained at current levels to reflect the increased emphasis on compensation that is tied to the long-term performance of the Company. Total compensation for the Company’s officers is believed to be generally in line with the median of the market as described above.

Annual Incentives. The purpose of the annual incentive component is to create a substantial incentive to officers and key employees to maximize shareholder value and provide a means for recognizing individual contribution to corporate and business unit results.

Key features of the annual incentive program include the following:

• a primary emphasis on sustained operating earnings growth and return on gross assets;

• a significant emphasis on the achievement of key strategic objectives related to future safety performance, profitable growth and market leadership;

• a more formulaic and objective approach to determine awards; and

• a means for recognizing individual achievement and contribution for participants.

Annual incentive awards are reviewed by the Compensation Committee in conjunction with senior management. Awards are based on an evaluation of the performance, level of responsibility and leadership of the individual in relation to overall corporate results. For 2002, annual incentives were based on the performance of the Company as a whole, performance of the Company’s business units and other financial measures, including return on gross assets. The Compensation Committee strongly considered the relative performance of the Company versus peers as reflected in the following chart:
Peer companies include 14 specialty or diversified chemical companies, seven of which are included in the S&P 1500 Specialty Chemicals Index and four of which are included in the S&P 1500 Diversified Chemicals Index noted in the performance graph on page 16.

Stock Options and Restricted Awards. The Compensation Committee believes strongly that equity based awards are an integral part of total compensation for officers and certain key managers with significant responsibility for the long-term results of the Company. Stock options and performance share awards that are tied to corporate performance provide an effective means of delivering incentive compensation and also encourage stock ownership on the part of management.

The 1998 Plan:

- authorizes the granting of stock options, SARs, performance shares, restricted stock and other incentive awards, all of which may be made subject to the attainment of performance goals established by the Compensation Committee;
- provides for the enumeration of the business criteria on which an individual’s performance goals are to be based; and
- establishes the maximum share grants or awards (or, in the case of incentive awards, the maximum compensation) that can be paid to a 1998 Plan participant.

In 2002, incentive awards of stock options and performance shares were made in accordance with the 1998 Plan. The 2003 Plan, which is being presented to shareholders for their approval, contains terms and conditions substantially the same as the 1998 Plan.

Stock Ownership Guidelines. To further align the interests of members of management with the Company’s shareholders, the Compensation Committee has stock ownership guidelines that are designed to encourage the accumulation and retention of Albemarle Common Stock. The guidelines call for certain members of management to hold a minimum multiple of base salary in shares of Albemarle Common Stock by the end of the fifth calendar year of participation in the 1998 Plan. Participation in the 1998 Plan and in its successor, the 2003 Plan, beyond the fifth calendar year of participation will be contingent upon satisfying the guidelines. The established guidelines are as follows:

- CEO 4 x salary
- Other Named Officers 3 x salary
- Other management level 1x to 2x (depending upon position level)

At the end of 2002, all members of management covered by these guidelines for 5 years had met their ownership targets.

Discussion of 2002 Compensation for the Chief Executive Officer. On October 1, 2002, Mark C. Rohr was named President and Chief Executive Officer after leading the strong performance from corporate operations as Chief Operating Officer. Rohr’s compensation had been increased significantly at the beginning of the year in recognition of his strong performance and as part of succession planning. For 2002, the Compensation Committee awarded Rohr a

bonus of $175,000, in recognition of his leadership in focusing management on earnings growth and the strength of the Company’s performance and strategic positioning for maximizing long-term shareholder return. The Compensation Committee specifically noted Rohr’s leadership as reflected in the strong relative performance of the Company. Therefore, the Compensation Committee awarded Rohr 100,000 stock options and 30,000 performance units, as reflected in tables on pages 7 and 8, to provide performance based incentive commensurate with his contribution to the Company’s success.

Deductibility of Compensation. The Compensation Committee has carefully considered Section 162(m) of the Code, which provides certain criteria for the tax deductibility of compensation in excess of $1 million paid to the Company’s executive officers. The Compensation Committee believes it is in the best interests of the Company and its shareholders to comply with the requirements of Section 162(m), but the Compensation Committee intends to preserve the flexibility to reward executives consistent with the Company’s pay philosophy for each compensation element. The Compensation Committee intends, except in special circumstances, that grants of options, awards of performance shares, restricted stock and other incentive awards under the 1998 Plan and, if approved by shareholders, under the 2003 Plan comply with the requirements of Section 162(m).

THE AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three independent directors and operates under a written charter adopted by the Board of Directors. The Audit Committee recommends to the Board of Directors, subject to shareholder ratification, the selection of the Company’s independent accountants. Management is responsible for the Company’s disclosure controls, internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes and to report thereon to the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and PricewaterhouseCoopers LLP, the Company’s independent accountants.

Management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers.

The Audit Committee has discussed with PricewaterhouseCoopers the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Accounting Standards), including the scope of the auditor’s responsibilities, significant accounting adjustments and any disagreements with management.

The Audit Committee also has received the written disclosures and the letter from PricewaterhouseCoopers relating to the independence of that firm as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with PricewaterhouseCoopers that firm’s independence from the Company.

Based upon the Audit Committee’s discussions with management and PricewaterhouseCoopers and the Audit Committee’s review of the representation of management and the report of PricewaterhouseCoopers to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company’s annual report on Form 10-K for the year ended December 31, 2002 to be filed with the Securities and Exchange Commission.

The Audit Committee reviews with management and the independent accountants the results of the independent accountants’ review of the unaudited financial statements that are included in the Company’s quarterly reports on Form 10-Q. Effective November 19, 2002, a written policy was adopted whereby the Audit Committee preapproves the performance of any non-audit service by the Company’s independent accountants in addition to reviewing the fees charged by the Company’s independent accountants. During the fiscal year ended December 31, 2002, PricewaterhouseCoopers billed the Company the fees set forth below in connection with services rendered by that firm to the Company.

Audit Fees. For professional services rendered by PricewaterhouseCoopers for the audit of the Company’s annual financial statements for the fiscal year ended December 31, 2002, and the reviews of the financial statements included in the Company’s quarterly reports on Form 10-Q for the fiscal year ended December 31, 2002, PricewaterhouseCoopers billed the Company fees in the aggregate amount of $758,000.

Financial Information Systems Design and Implementation Fees. For the fiscal year ended December 31, 2002, there were no fees billed by PricewaterhouseCoopers for professional services rendered in connection with financial information systems design and implementation.

All Other Fees. For professional services other than those described above rendered by PricewaterhouseCoopers for the fiscal year ended December 31, 2002, PricewaterhouseCoopers billed the Company fees in the aggregate amount of $2,325,875, of which $2,072,374 was associated with tax services. The Audit Committee has considered whether the provision of services described above under “Financial Information Systems Design and Implementation Fees” and “All Other Fees” is compatible with maintaining the independence of PricewaterhouseCoopers.

Effective January 31, 2003, the Nominating Committee of the Board of Directors was reconstituted as the Nominating and Governance Committee. The Nominating and Governance Committee is currently composed of four independent directors and operates under a written charter adopted by the Board of Directors.

Previously, the primary purpose of the Nominating Committee had been to recommend candidates for election as directors and in some cases the election of officers as well as changes in the Company’s by-laws necessitated by either. Following the reconstitution of the Nominating Committee, the primary purposes of the Nominating and Governance Committee, as described in its charter, are to (a) identify individuals qualified to become directors and to recommend to the Board the selection of the director nominees for the next annual meeting of shareholders, (b) recommend to the Board the individual directors to serve on the committees of the Board and (c) recommend to the Board corporate governance guidelines and to oversee related governance matters.

During 2002, the Nominating and Governance Committee formulated a list of potential candidates for Board membership and initiated discussions with some of these candidates. The Nominating and Governance Committee’s focus continues to be to maintain a majority of independent members on the Board of Directors. During 2003, the Nominating and Governance Committee intends also to focus on corporate governance matters, including finalizing corporate governance guidelines and revising and restating a code of conduct for the Company.

APPROVAL OF THE ALBEMARLE CORPORATION 2003 INCENTIVE PLAN
The Board proposes that the shareholders approve the Albemarle Corporation 2003 Incentive Plan (the “2003 Plan”), adopted by the Board on January 31, 2003, subject to the approval of the Company’s shareholders. The 2003 Plan permits the grant of (a) options to purchase shares of Albemarle Common Stock from the Company, (b) SARs, (c) restricted stock, (d) performance units and (e) incentive awards.

The Company has provided stock-based compensation opportunities for its executives and key employees through the 1998 Plan. The 2003 Plan will succeed the 1998 Plan, under which all but 822,005 shares of Albemarle Common Stock authorized for issuance have been reserved by the Company for outstanding grants and awards. The terms of the 2003 Plan are substantially the same as those of the 1998 Plan; however, the 2003 Plan does not limit the number of shares of Albemarle Common Stock that may be issued upon the exercise of options beyond the maximum aggregate number of shares of Albemarle Common Stock that may be issued under the 2003 Plan. If the shareholders approve the 2003 Plan, the Compensation Committee has indicated that it does not intend thereafter to approve additional grants or awards under the 1998 Plan.

The Board believes that an increased percentage of an executive’s compensation should be based on the attainment of pre-established performance goals and objectives. The 2003 Plan is intended to further that result.

The Board believes that the 2003 Plan will benefit the Company by (a) assisting it in recruiting and retaining employees with ability and initiative, (b) providing greater incentive for employees of the Company and (c) enabling such employees to participate in the future success of the Company and to associate their interests with those of the Company and its shareholders and, in turn, to create additional shareholder value.

The following summary of the material features of the 2003 Plan is qualified in its entirety by reference to the 2003 Plan, a copy of which is attached as an annex to the electronic copy of this proxy statement filed with the Securities and Exchange Commission and may be accessed from the Securities and Exchange Commission’s website at http://www.sec.gov.

Administration
The Compensation Committee will administer the 2003 Plan. The Compensation Committee will have the authority to select the individuals who will participate in the 2003 Plan (“Participants”) and to grant options, SARs, restricted stock, performance units and incentive awards upon such terms (not inconsistent with the terms of the 2003 Plan) as the Compensation Committee considers appropriate. In addition, the Compensation Committee will have complete authority to interpret all provisions of the 2003 Plan, to prescribe the form of notices or agreements evidencing awards under the 2003 Plan, to adopt, amend and rescind rules and regulations pertaining to the administration of the 2003 Plan and to make all other determinations necessary or advisable for the administration of the 2003 Plan.

The Compensation Committee may delegate its authority to administer the 2003 Plan to an officer of the Company. The Compensation Committee, however, may not delegate its authority with respect to individuals who are subject to Section 16 of the Exchange Act. As used in this summary, the term “Administrator” means the Compensation Committee and any delegate, as appropriate.

Eligibility
Any employee of the Company or an affiliate or a person who provides services to the Company or an affiliate is eligible to participate in the 2003 Plan if the Administrator, in its sole discretion, determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or its affiliates. The Company is not able to estimate the number of individuals that the Administrator will select to participate in the 2003 Plan or the type or size of awards that the Administrator will approve. Therefore, the benefits to be allocated to any individual or to various groups of individuals are not presently determinable.

Awards
Options. Options granted under the 2003 Plan may be incentive stock options (“ISOs”) or nonqualified stock options. An option entitles the Participant to purchase shares of Albemarle Common Stock from the Company at the option price. The option price will be fixed by the Administrator at the time the option is granted, but the price
cannot be less than the shares’ fair market value on the date of grant in the case of an ISO (or in the case of a holder of more than 10 percent of the Company’s outstanding voting securities, 110 percent of the shares’ fair market value). The option price may be paid in cash, a cash equivalent acceptable to the Administrator, with shares of Albemarle Common Stock, or a combination thereof.

Options may be exercised in whole or in part at such times and subject to such conditions as may be prescribed by the Administrator. The maximum period in which an option may be exercised will be fixed by the Administrator at the time the option is granted but, in the case of an ISO, cannot exceed 10 years (five years for ISOs granted to a holder of more than 10 percent of the Company’s outstanding voting securities). No employee may be granted ISOs (under the 2003 Plan or any other plan of the Company) that are first exercisable in a calendar year for Albemarle Common Stock having an aggregate fair market value (determined as of the date the option is granted) exceeding $100,000.

SARs. An SAR may be granted with a related option (a “Corresponding SAR”) or without a related option. SARs generally entitle the Participant to receive with respect to each share of Albemarle Common Stock encompassed by the exercise of the SAR, an amount determined by the Administrator and set forth in an agreement. In the absence of such a determination, the SAR holder will receive, with respect to each share of Albemarle Common Stock encompassed by the exercise of the SAR, the excess of the fair market value of a share of Albemarle Common Stock on the date of exercise over the initial value of the SAR. The initial value of the SAR is the fair market value of a share of Albemarle Common Stock on the date of grant in the case of an SAR granted without a related option, or the option price per share of the related option in the case of a Corresponding SAR. To exercise a Corresponding SAR, the Participant must surrender unexercised that portion of the option to which the Corresponding SAR relates and vice versa.

SARs may be exercised at such times and subject to such conditions as may be prescribed by the Administrator. The maximum period in which an SAR may be exercised will be fixed by the Administrator at the time the SAR is granted, except that no Corresponding SAR that is related to an ISO shall have a term of more than 10 years from the date such related option was granted (five years for a Corresponding SAR related to an ISO granted to a holder of more than 10 percent of the Company’s outstanding voting securities). The amount payable upon the exercise of an SAR may, in the Administrator’s discretion, be settled in cash, Albemarle Common Stock, or a combination of cash and Albemarle Common Stock.

Restricted Stock. The 2003 Plan also permits the grant of restricted stock. An award of restricted stock will be forfeitable or otherwise restricted until conditions established at the time of the award are satisfied. These conditions may include, for example, a requirement that the Participant complete a specified period of service or the attainment of certain performance objectives. Any restrictions imposed on an award of restricted stock will be prescribed by the Administrator.

Incentive Awards. The 2003 Plan also allows the Administrator to make incentive awards to Participants on such terms and conditions as the Administrator prescribes. To the extent that any incentive awards are granted, they may, in the Administrator’s discretion, be settled in cash, Albemarle Common Stock, or a combination of cash and Albemarle Common Stock.

Performance Units. The 2003 Plan also provides for the award of performance units. A performance unit award entitles a Participant to receive a payment equal to the fair market value of a specific number of shares of Albemarle Common Stock. The Administrator will prescribe the conditions that must be satisfied before an award of performance units is earned. These conditions may include, for example, a requirement that the Participant complete a specified period of service or the attainment of certain performance objectives. To the extent that performance units are earned, the obligation may be settled in cash, Albemarle Common Stock or a combination of cash and Albemarle Common Stock.

Transferability

In general, options, SARs, restricted stock and performance units will be nontransferable except by will or the laws of descent and distribution. If provided in the agreement governing the grant, options that are not ISOs and SARs (other than a Corresponding SAR that is related to an ISO) may be transferred by the Participant to his spouse, children or grandchildren, to a trust or trusts for the benefit of such family members or to a partnership in which such family members are the only partners, on such terms as permitted under Rule 16b-3 promulgated by the Securities and Exchange Commission under the Exchange Act.

Performance Objectives

The Compensation Committee may prescribe that (a) an option or SAR is exercisable, (b) an award of restricted stock is vested or transferable or both, (c) that performance units are earned, or (d) that payment under an incentive award is earned only upon the attainment of certain performance objectives. Such performance objectives may be based on one or more of the Company’s, its affiliates’ or a
business unit’s (1) gross, operating or net earnings before or after taxes, (2) return on equity, (3) return on capital, (4) return on sales, (5) return on assets or net assets, (6) earnings per share, (7) cash flow per share, (8) book value per share, (9) earnings growth, (10) sales growth, (11) volume growth, (12) cash flow (as defined by the Compensation Committee), (13) fair market value of Albemarle Common Stock, (14) share price or total shareholder return, (15) market share, (16) economic value added, (17) market value added, (18) productivity, (19) level of expenses, (20) quality record, (21) safety record, (22) customer satisfaction measurements, (23) product develop or improvement, (24) peer group comparisons of any of the aforementioned objectives or (25) such other performance objectives, if any, as may be approved by the Compensation Committee.

Change in Control
The 2003 Plan provides that outstanding options and SARs will become exercisable, outstanding awards of restricted stock will become transferable and nonforfeitable, and each performance unit will be earned and converted into cash, Albemarle Common Stock, or a combination of cash and Albemarle Common Stock following a change in control of the Company in accordance with the terms of the applicable agreement.

Share Authorization
The maximum aggregate number of shares of Albemarle Common Stock that may be issued under the 2003 Plan is 3,000,000 shares. These limitations will be adjusted as the Compensation Committee determines is appropriate in the event of a change in the number of outstanding shares of Albemarle Common Stock by reason of a stock dividend, stock split, combination, reclassification, recapitalization or other similar event. The terms of outstanding awards and the limitations on individual grants also will be adjusted as the Compensation Committee determines is appropriate to reflect such changes.

Individual Limitations
No individual may be granted or awarded in any calendar year options, Corresponding SARs and SARs granted independently of options covering more than 200,000 shares of Albemarle Common Stock in the aggregate. In addition, no individual in any calendar year may be awarded, in the aggregate, restricted stock, performance units or incentive awards covering more than 100,000 shares of Albemarle Common Stock. No Participant may receive an annual incentive award for an amount in excess of $1 million.

Amendment and Termination
No option, SAR, restricted stock award, performance share award or incentive award may be granted under the 2003 Plan after January 31, 2013. The Board may, without further action by shareholders, terminate the 2003 Plan in whole or in part. The Board also may amend the 2003 Plan, except that no amendment that increases the number of shares of Albemarle Common Stock that may be issued under the 2003 Plan or changes the class of individuals who may be selected to participate in the 2003 Plan will become effective until it is approved by shareholders.

Federal Income Tax Consequences
The Company has been advised by counsel regarding the federal income tax consequences of the 2003 Plan. No income is recognized by a Participant at the time an option or SAR is granted. If the option is an ISO, no income will be recognized upon the Participant’s exercise of the option (except that the alternative minimum tax may apply). Income is recognized by a Participant when he disposes of shares acquired under an ISO. The exercise of a nonqualified stock option or SAR generally is a taxable event that requires the Participant to recognize, as ordinary income, the difference between the shares’ fair market value and the option price. If a Participant disposes of shares acquired under an ISO before two years after the ISO was granted, or before one year after the ISO was exercised, this is a “disqualifying disposition” and the Participant will recognize ordinary income equal to the excess of the amount received for the shares over the option price.

Income is recognized on account of the award of restricted stock when the shares first become transferable or are no longer subject to a substantial risk of forfeiture unless the Participant makes an election to recognize income currently under Section 83(b) of the Code. At that time the Participant recognizes income equal to the fair market value of the Albemarle Common Stock.

A Participant will recognize ordinary income equal to any cash that is paid and the fair market value of Albemarle Common Stock (on the date that the shares are first transferable and not subject to a substantial risk of forfeiture) that is received in settlement of an award of performance units or in settlement of an incentive award.

The Company generally will be entitled to claim a federal income tax deduction on account of the exercise of a nonqualified stock option or SAR or upon the taxability to the recipient of restricted stock, the settlement of a performance unit award, or the payment of an incentive award (subject to tax limitations on the Company’s deductions in any year that certain remuneration paid to certain executives exceeds $1 million). The amount of the deduction is equal to the ordinary income recognized by the Participant. The Company will not be entitled to a federal income tax deduction on account of the grant or the exercise of an ISO unless the Participant has made a
ness on the ninetieth day nor earlier than the close of business on November 27, 2003.

CERTAIN MATTERS RELATING TO PROXY MATERIALS AND ANNUAL REPORTS

Electronic Access of Proxy Materials and Annual Reports. This proxy statement and the Company’s Annual Report on Form 10-K are available on the Company’s Internet site at http://www.albemarle.com. Shareholders can elect to access future proxy soliciting materials, including notices to shareholders of annual meetings and proxy statements, and annual reports over the Internet instead of receiving paper copies in the mail. Providing these documents over the Internet will reduce the Company’s printing and postage costs and the number of paper documents shareholders would otherwise receive. The Company will notify shareholders who consent to accessing these documents over the Internet when such documents will be available. Once given, a shareholder’s consent will remain valid until revoked by the shareholder or until the next annual meeting at which such consent is solicited.

The Board recommends that shareholders vote “FOR” the Albemarle Corporation 2003 Incentive Plan.

PROPOSALS FOR 2004 ANNUAL MEETING

Under the regulations of the Securities and Exchange Commission, any shareholder desiring to make a proposal to be acted upon at the 2004 annual meeting of shareholders must present such proposal to the Company’s Secretary at the Company’s principal office in Richmond, Virginia, not later than October 29, 2003, in order for the proposal to be considered for inclusion in the Company’s proxy statement. The Company anticipates holding the 2004 annual meeting on March 24, 2004.

The Company’s by-laws provide that, in addition to any other applicable requirements, for business to be properly brought before the annual meeting by a shareholder, the shareholder must deliver timely notice in writing to the Secretary of the Company not later than the close of business on the ninetieth day nor earlier than the close of business on the one hundred twentieth day prior to the first anniversary of the preceding year’s annual meeting. Because the 2003 annual meeting is to be held on March 26, 2003, the Secretary of the Company must receive written notice of a proposal to be acted upon at the 2004 annual meeting not later than the close of business on December 27, 2003 nor earlier than the close of business on November 27, 2003.

The Board recommends that shareholders vote
